

**BUILT FOR LASTING PERFORMANCE IN THERAPY  
AND REGULATED MOVEMENT ENVIRONMENTS**

**BENEFITS & FEATURES:**

- **Heavy Duty Construction:** Made from high-quality steel with 2" square tubular legs and a triangulated frame for long-lasting strength & security
- **Exceptional Stability:** The wide stance ensures a steady base, supporting up to 250 lbs. with confidence
- **Portable Yet Secure:** Designed for permanent positioning, but light enough to move when needed. Quick and easy setup allows for hassle-free adjustments.
