Teen - Male up to 16 years / Female up to 21 years

Adult - Male 16 years & up / Female 21 years & up

Pro - Advanced or professional players only

DOUBLE FIRST BASE RULE/SAFETY BASE:

The "safety base" requires a two-part first base to reduce collisions between runners and fielders, with the base being split into a white portion in fair territory and a colored portion in foul territory.

INCLUDED COMPONENTS:

- Ground anchors
- Rubber stanchions
- Base plugs

FEATURES & BENEFITS:

- All-rubber construction with dual white and orange design for clear runner/field separation
- Flexible base compresses on impact to help reduce sliding injuries
- Beehive-style underside enhances shock absorption while maintaining stability
- Pebble-embossed, UV-resistant top surface helps prevent slipping and spike punctures
- Durable design provides reliable support during regular play

UNIVERSAL BASE PLATES

Set of (3) C-ROD-CBB-134

INCLUDED COMPONENTS:

- Three (3) base plates
- Twelve (12) rubber-locking pucks
- Hardware to assemble

FEATURES & BENEFITS:

- Designed for compatibility with both BreakAway Base anchor systems and traditional metal ground anchors
- Optional locking pucks attach underneath for use with BreakAway Base anchors
- Removable puck system allows quick adaptation between anchor types
- Compatible with all BreakAway base tops: Youth, Teen, Adult, and Pro
- Versatile, all-in-one base plate solution for multiple field setups
- Durable construction built for consistent performance and easy installation

ANCHOR HOUSING KIT (Set of 3)
(Used with BreakAway Base System)
C-ROD-CBB-135

INCLUDED COMPONENTS:

- Three (3) plastic anchor tubs
- Six (6) housing handles
- Three (3) metal anchor sleeves
- Three (3) anchor plugs
- One (1) dig-out tool

FEATURES & BENEFITS:

- Unique design keeps bases level with the infield
- Requires very little field maintenance
- Excellent for all climates and field types

QUICK CHANGE ANCHOR COVERS (Set of 3) C-ROD-CBB-136

PRODUCT HIGHLIGHTS:

- Completely covers the top of base anchors when not in use
- Effective solution for baseball fields with multiple base lines
- Integrated high visibility green tassel for quick location

BLACK ANCHOR PLUGS (Set of 6) C-ROD-CBB-137

PRODUCT HIGHLIGHTS:

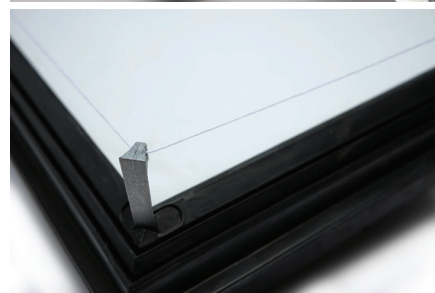

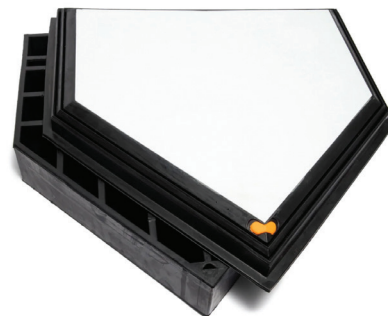

- Completely covers the top of base anchors when not in use
- Effective solution for baseball fields with multiple base lines
- Integrated high visibility green tassel for quick location

METAL GROUND ANCHORS (Set of 3) C-ROD-CBB-138

PRODUCT HIGHLIGHTS:

- Prevents infield material from clogging base anchors
- Rubber plugs measure 1½" x 1½"
- 5" mushroom diameter and 1" rise helps to locate infield anchors
- Compatible with all ground anchor receptacles

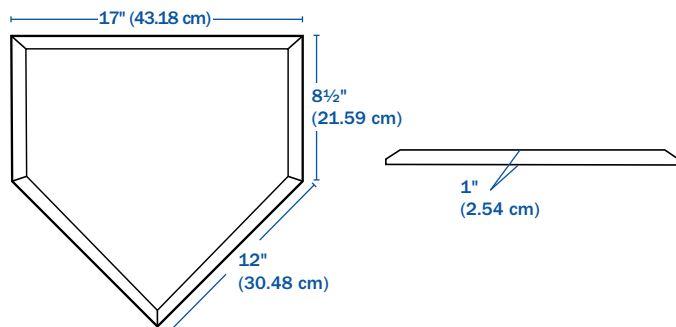

FEATURES & BENEFITS:

- Cost-efficient “Bury-All” home plate design with extended product life
- Replaceable anti-skid white top with interlocking edges
- “Up-Tight” beveled collar eliminates gaps and exposed edges for safer play
- Integrated alignment marks and steel set-up pins for accurate field layout
- Durable all-rubber waffle bottom for long-lasting stability
- Engineered to resist wear and deterioration over time

SYSTEM INCLUDES:

- Bottom – 100% durable natural rubber construction – no wood components that deteriorate
- Beveled Collar
- One (1) smooth white home plate top
- Two (2) field set-up pins/base plugs

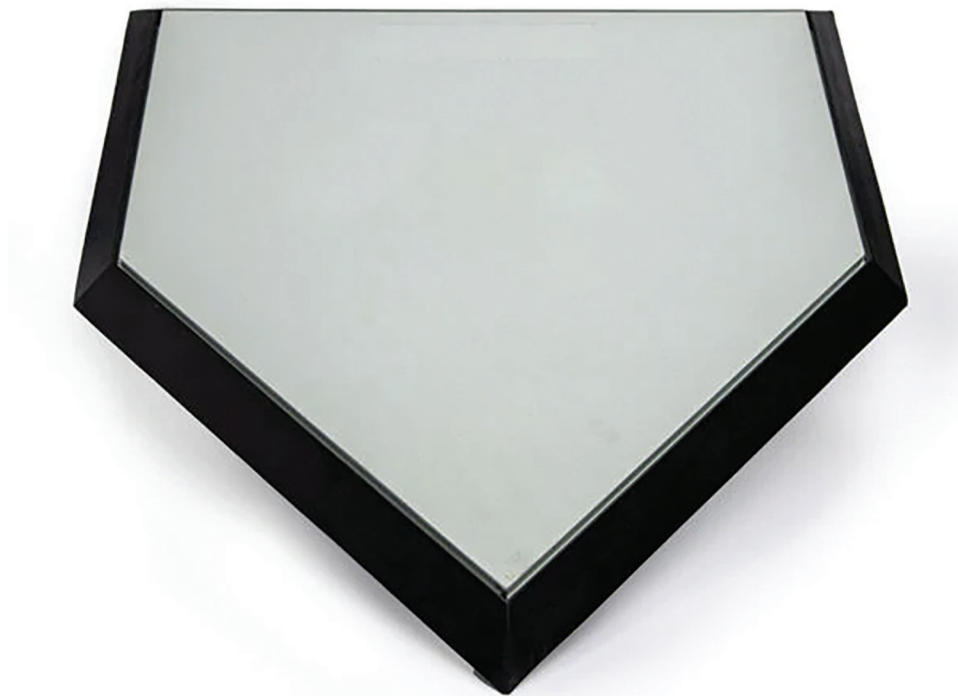

ONE TIME HOME PLATE REPLACEMENT TOP C-ROD-PHP-052

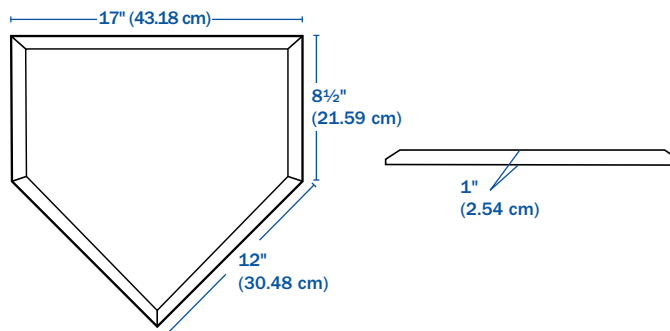

HIGHLIGHTS

- High-quality anti-skid rubber
- Smooth style top

PRODUCT HIGHLIGHTS:

- Professional-style home plate constructed from high-quality, durable rubber
- White base top with contrasting black beveled edge for enhanced visibility
- Official size with stanchion-mounted steel plate for added stability
- Includes metal ground anchor receptacle for secure installation

PRO STYLE PITCHING RUBBER C-ROD-PSP-040

PRODUCT HIGHLIGHTS:

- **DIMENSIONS:** 6" x 6" x 24"
- Pro-style 4-sided pitching rubber for adult play
- High-quality, skid-resistant rubber with UV inhibitors for long-lasting performance
- Hollow aluminum core can be filled with concrete or dirt for added strength and stability
- Durable construction designed to maximize support and longevity

YOUTH SIZE PITCHING RUBBER C-ROD-PSP-050

PRODUCT HIGHLIGHTS:

- **DIMENSIONS:** 4" x 4" x 18"
- 4-Sided youth pitching rubber
- High-quality, skid-resistant rubber with UV inhibitors for long-lasting performance
- Hollow aluminum core can be filled with concrete or dirt for added strength and stability
- Durable construction designed to maximize support and longevity
